GOVERNANCE AND PUBLIC FINANCE

Good governance in the public sector has never been more relevant than it is in present times. Efficient public financial management is one of the pillars of good governance. Accountability in governance and transparency in handling public money requires robust underlying internal systems and processes that are effectively implemented. Responding to this need, MaGC has identified 'Governance and Public Finance' as one of its main practice areas. MaGC has been helping its

government clientele implement governance and financial reforms for the past 15 years. We have completed assignments for the Government of India, Government of Botswana, Royal Government of Bhutan and several State and Local Governments in India. MaGC has also worked with external agencies, which include World Bank, ADB, UNDP, USAID, and Swiss Agency for Development and Cooperation.

What we offer?

Under this practice area, MaGC offers a suite of services, which include:

- ✓ Public Financial Management and Accountability (PFMA) studies and implementation;
- ✓ Public Expenditure Review and Tracking (PERT) studies;
- ✓ Policy formulation and review;
- ✓ Government accounting reforms;
- ✓ Audits including Information Systems audits;

- ✓ Organizational structuring/restructuring;
- ✓ Financial/Debt restructuring;
- ✓ Process reengineering;
- ✓ Process automation including e-Governance;
- ✓ Programme/Project Management.

In addition to Governance and Public Finance, MaGC offers services under other practice areas as well, namely, Business Advisory, Process Advisory, Information Technology, and Research and Training.

Past Assignment?

Some of our prestigious assignments under this practice area are:

- ✓ e-Governance study in urban local bodies across India for the Ministry of Urban Development, Government of India.
- ✓ PFMA and PER studies for various state governments in India as well as for the Government of Botswana.
- ✓ Peer review of Financial Rules and Regulations for the Royal Government of Bhutan.
- ✓ Process documentation for an urban land reforms project for the Ministry of Urban Development, Government of India.
- ✓ Policy advisory, implementation, and training services to the Department of Municipal Administration in the state of Tamil Nadu for rolling out accounting reforms across all urban local bodies.
- ✓ Implementation of accounting reforms in Bengaluru City Corporation.
- ✓ Accounting and audit reforms in rural local governments in the states of Tamil Nadu and Karnataka, India.
- ✓ Advisory services to the Kerala State Public Sector Restructuring Board.

Our Strengths

Experienced team: MaGC team comprises of consultants with expert knowledge and wide experience in various government institutions, working in conjunction with some of the brightest young minds in this space.

Consulting Tools: MaGC has developed in-house proprietary tools, namely,

- ✓ 3PT® framework for reforms implementation,
- ✓ Accountability-Transparency-Actionability, ATA© model,
- ✓ Layered Approach to Process Mapping, LAMPTM model, and
- ✓ Accounting Entry Matrix, AEM©.

These tools help our clients translate governance reform initiatives into concrete actionable points.

Extensive network: MaGC has long standing associations with other professional organizations as well as with domain experts, which we leverage for putting up the best qualified team for each assignment.

Training and Research: Continuous training and in-house research ensure that MaGC team is abreast with the latest developments in the sector and is able to offer the client a variety of options for reforms implementation.
